Terrorist Infiltration from Nepal

636. SHRI ABANI ROY: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the infiltration of terrorists from Nepal have increased during the past few years;

(b) if so, whether there is urgent need to fence the Indo-Nepal border to check infiltration;

(c) the total length in Kilometers of Indo-Nepal border; and

(d) the time by which fencing along Indo-Nepal border would commence and be completed?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI CH. VIDYASAGAR RAO): (a) to (d) The 1,751 Kms. Long Indo-Nepal border has historically been an open border with a visa-free travel regime. There have been instances in recent years of misuse of this open border for staging terrorist activities directed against India. In view of these developments, the concerned agencies of His Majesty's Government of Nepal and the Government of India have remained in regular touch, both directly and through the bi-lateral institutional mechanisms, such as the Joint Working Group on Border Management and Home Secretary level talks. As a result of cooperation between the two countries, many terrorist conspiracies sponsored by under-cover intelligence operatives based in Pakistan embassy in Kathmandu have been neutralised.

In view of the friendly relations between the two countries and extensive trans-border linkages of the local population on both sides, it may not be desirable to change the nature of this border by erecting fencing along this border. An Action Plan has been prepared in consultation with concerned States to strengthen policing and intelligence collection along this border, including patrolling of vulnerable stretches.
